Criminals Hold Up Train And Rob Citizens

TEN PRISONERS EXPERIMENTED ON DIE FROM EFFECTS

Shocking Performance of an American Doctor in Manila in the Interest of "Science"

SEEK TO EXCUSE CRIME BY LAYING BLAME ON VIRUS

MANILA, Nov. 26.—As a result of experiments with cholera virus at Bilibid prison ten prisoners out of twenty-four who were inoculated have died.

The experiments were conducted by Dr. R. P. Strong of the bureau of science.

The death of the prisoners took place a few days after they were inoculated. It is said by investigators that the fatalities resulted from a contamination of the virus with bubonic plague virus.

Cholera virus is in constant use here and it had proved beneficial previously. It has been used in pain in thousands of cases with excellent results.

Governor-General Smith, in a statement to the public, exonerated Dr. Strong and declared that the commission would take care of the families of the dead prisoners.

NORTH WIND SHAKES UP SHIPPING DOWN AT SAN FRANCISCO

SAN FRANCISCO, Nov. 26.—Shipping in the bay was badly shaken up by a strong north wind which prevailed this morning.

The schooner C. T. Hill went ashore at the foot of Leavenworth street, but was towed off by the tug Pilot without sustaining serious damage.

The schooner Albion was driven on the beach opposite Hyde street, and the schooner Oregon, lying on Meiggs' wharf, had a portion of her starboard side carried away.

DOWIE'S ZION OWES A BIG AMOUNT OF MONEY TO HIS DUPES

CHICAGO, Nov. 26.—Announcement was made tonight that John Alexander Dowie, Wilbur Volga and the other leaders of Zion are prepared to assign all their interests in the affairs of the church to the city's creditors. Henceforth Zion's factories will be administered by a board of directors consisting of seven members, headed by Receiver John C. Hately.

Its constitution will include three capitalists who are not followers of Dowie's faith, and this, it is believed will insure the disinterested management of its affairs in accordance with business methods.

The indebtedness of Zion amounts, it is said, approximately $6,000,000, distributed among Zionists throughout the world, owners of the land on which Zion city is built and smaller individual holders of Zion property.

MAYBE PLATT RESIGNS MAYBE NOT--HE WON'T SAY

NEW YORK, Nov. 26. — United States Senator Thomas C. Platt said today, concerning a published interview with him in which he said he would not resign his office as senator:

"I have not said I would resign. I saw no reporter, in fact, nor have I said to anybody that I would not send in my resignation to Governor Higgins. I never said to any newspaper man that I would stay in Washington all winter. In fact, the whole interview about my refusal to resign is untrue. I have said nothing nor am I going to say anything now."

BETROTHED BY WHOLESALE

SPOKANE, Nov. 26.—In the case of Sidney Sloane, the wealthy young man charged with murder and who his friends are trying to prove is insane, his father's bookkeeper today testified that the accused once said he was engaged at one time to thirty-two girls in California, and that he talked of visionary financial schemes.

NEVADA GIRL'S STORY A SUCCESS ON THE STAGE AT THE BAY

SAN FRANCISCO, Nov 26.—A dramatization of Miriam Michelson's novel "In the Bishop's Carriage" was produced here tonight at the Colonial theatre by Liebler & Company's New York company. Miss Jessie Busley played the role of Nance Olds, the heroine.

The fact that the author of the book is a San Franciscoan lent interest to the production, and a crowded house was the result.

Miss Michelson is well known in Reno, Virginia City and Carson. She is a native of Virginia City. One of her brothers was once a professor at the University of Nevada. Another, Charles, is managing editor of the San Francisco Examiner. A sister, is the wife of Arthur McEwen, the famous writer, at present editorial director of the Hearst papers.

SWEPT HELPLESS OVER NIAGARA TO FEARFUL DEATH

Terrible Fate of an Unknown Man Whose Boat is Caught in Relentless Current

ATTEMPTED RESCUE FAILS BECAUSE OF THE PERIL

NIAGARA FALLS, N. Y., Nov. 26.—An unknown man was swept over the Horse Shoe Falls in a small boat this afternoon after a daring attempt had been made to save him. An employe of the Ontario Power company first saw the little craft. The occupant, a man, was standing up frantically waving his hands. Two row boats started down the Chippewa river toward the Niagara to attempt a rescue.

The rescuers were far behind what is considered the danger but a cross current carried the unfortunate man away from them toward Goat Island, and in a few minutes he was carried over the Horse Shoe falls.

The would-be rescuers were by this time in a perilous position and it was with great difficulty they succeeded in reaching shore.

CARUSO PAYS BUT PROTESTS

NEW YORK, Nov. 26.—The right of appeal was granted today to Emilio Caruso, the famous tenor, who was found guilty of annoying women in the monkey house at Central park and was fined $10.

SAFETY COMMITTEE JUMPS ON THE CLAIM JUMPERS OF GOLDFIELD

GOLDFIELD, Nov. 26.—A part of the Committee of Safety which was organized here a few days ago, when trouble over the land involved in the recent squatters' decision was feared, advanced this morning, twelve strong, on a lot of jumpers.

The jumpers put up a show of resistance but finally retreated, when the Safety Committee proceeded to tear down their tents and shacks.

One jumper resisted and his gun was taken from him and broken on the frozen ground.

THEY GOT COAL.

NYSSA, Ida., Nov. 26.—To relieve the coal famine here, the citizens held up a coal train, cut out two cars and distributed the fuel among the residents who needed it.

NOT AFRAID OF HEARST IS PAT M'CARREN, SO HE SAYS

DENVER, Col., Nov 26.—"I am not afraid of the result of the effort to oust me as a member of the New York state Democratic central committee," said Senator Patrick M. McCarran of Brooklyn, N. Y., who is visiting in this city, today.

"The charges that I scratched Hearst is untrue. I will be duly represented at the hearing. Our law committee will look after my interests, but I question the right of the organization to act in the matter at all under the circumstances."

PITTSBURG, Nov. 26.— John Dich, was killed by a hunter here on Saturday.

LIVED THROUGH WAR TO DIE BENEATH AUTO

Grand Army Man Run Over in Seattle by Car Driven by Society Girl

YOUNG WOMAN ARRESTED ON A NOMINAL CHARGE

DENVER, Nov. 26.—Howard M. O'Haver died tonight at Mercy hospital from injuries received by being run down by an automobile driven by Miss Birdie Appell, a young society woman, daughter of J. S. Appell, a prominent merchant of this city.

When information reached the Appell home that O'Haver was dead, Miss Appell accompanied, by her father appeared before Magistrate Grant L. Hudson and volunteered a bond of $5,000 pending the hearing by a coroners jury. A nominal charge of manslaughter was made against the young woman. The accident happened on Sixteenth street while O'Haver was crossing and Miss Appells view was obstructed by a passing car.

Mr. O'Haver was 63 years old, a grand army man and had been engaged in the real-estate business in recent years.

MURDER ON HIGH SEAS.

SAN FRANCISCO, Nov. 26.—A warrant was sworn out today in United tates District Attorney Devlin's office against Captain Charles J. Kingenberg of the Whaler Olga, accusing him of murdering the boat's engineer, Jackson D. Paul, at Miato Inlet, September 30, 1905.

Officer Armstrong Catches the Crooks With Goods On Them

Conductor on Local Stood Off at Point of Guns---Bad Men Start Career of Crime in Reno

With revolvers drawn and murder in their eyes, two criminals on train No. 4, eastbound, last night held up Conductor Linquist between Verdi and Reno, and after refusing to pay their fares and threatening to kill the conductor or anyone else who interfered compelled the latter to slow down his train and at the outskirts of Reno backed out of the car, still with revolvers drawn, and jumped from the slowly moving train. Fifteen minutes after they attempted to hold up Sam Emerick of 502 Virginia street, at the corner of Plaza and Virginia street, and five minutes after that they held up and robbed William Justi of the Oberon, relieving him of his money and some valuable jewelry. About three minutes after the outrages they were captured by Officer W. B. Armstrong of the local police department, manacled and put in the strongest cells of the city prison.

Why they satisfied themselves with merely holding up the conductor for his fares is not known, for they had the occupants of the smoking car in a panic and they sat in their seats covered with a 45 Colts and an automatic gun.

Desperate Crooks

At the police station they gave the names of William Keating and William Deal, and they are believed to be desperate crooks with a record. On the way to the police station the automatic gun disappeared, and they tried to rid themselves of the watch and other jewelry stolen from Justi. The jewelry was recovered but the gun has not been found.

According to the story of F. M Byrne, of Sierra City, who was a passenger on the local coming from Boca, the two men boarded the train at Verdi, a station about eleven miles from Reno. When the conductor demanded their fare they pulled their guns and defied him to collect it. The conductor called for help, but at the sight of the murderous looking guns no one in the smoking car cared to take a chance.

They kept the conductor covered and refused to let him leave the car. When about two miles from Reno, they commanded him to slow down the train, and at the outskirts of the town they stepped to the platform, still keeping the passengers covered, and quickly left the train.

They Come to Reno

They must have come immediately into Reno, for within a very short space of time they had attempted to hold up Sam Emerick, placing a gun in his face. He threw the barrel upward with his arm and made a quick escape. They got nothing from him. This was on the corner of Plaza and Virginia street. They must have gone down the alley above Plaza for they encountered Justi near the corner of Virginia street and the Plaza by McKissick's opera house. Before he could realize what their intent was, the larger one of the two pinioned his arms while Deal thrust a gun into his face. At the same time they rushed Justi into the alley back of McKissick's, where they commanded him to "keep quiet." While the smaller of the two kept Justi covered with his Colts, the other rifled his pockets of over twenty dollars and snatched his watch from his vest. Justi broke away and running up the alley passed through the lane that leads to the Plaza. Here he met Officer Armstrong who grasped the situation in a moment and the two ran back to Sierra street where they were fortunate enough to intercept the thugs. Both of them were armed and Officer Armstrong, seeing the gleaming barrels of their guns, pulled his own and covered them. They gave up. It was as neat and nervy a capture as any that has gone to the credit of the Reno police department. He gripped the handcuffs on them and led them back to jail.

Vicious Looking Thugs

On the way, or at the scene of the meeting, one of them must have dropped the automatic. When near the jail Deal dropped Justi's watch to the ground but was caught in the act and the property recovered.

Deal refused to speak in answer to Captain Cadle's questions, trying to pass himself off as deaf and dumb; but Keating was defiant, and would have shown fight if he had not already had an illustration of the fighting ability of the police force he was up against.

The men are as vicious looking a pair of thugs as have ever graced a rogues' gallery, and their capture so soon after getting to work in Reno reflects credit upon the police department and makes a stroll at night less hazardous. Justi is also congratulated by the force in keeping his wits and in the assistance he rendered in getting the men.

Byrne, who was on the train with the thugs, positively identifies the two men in jail as the ones who terrorized the passengers on No. 4.

Although Keating had no gun on him when searched at the police station, his pockets were full of the shells that go with an "automatic." Deal's gun is in the custody of the police. Three coin filled purses and much money is also held as evidence.

MINE'S BUILDINGS RASED BY A SNOW SLIDE IN COLORADO

TELLURIDE, Col., Nov. 26.—The bunkhouse, blacksmith shop, boarding house, boiler, engine and compressor houses, together with all machinery of the Mountain Green mine, located four miles from Animas Forks, were destroyed by a snow slide today, causing a damage estimated at $50,000. The slide came down Mastodon Gulch and carried the wreckage of the buildings a half a mile away. No one was hurt.

Train Robber Is Captured By Brave Conductor and Makes Complete Confession

MARSHALL, Mo., Nov. 26.—A bandit who held up the Chicago & Alton train last night between Glasgow and Slater, Mo., and single-handed robbed twenty passengers, was brought to the county jail this afternoon and immediately opened negotiations with the prosecuting attorney, offering to make a full confession if the charge against him was made burglary. In Missouri the extreme penalty for train robbery is death, the minimum ten years imprisonment. The prosecutor refused any concern, and the bandit then volunteered a statement as follows:

"My name is Claude Randall, my age 26 years and nine months. I came from St. Louis to Mexico, Mo., and from Mexico to Slater on the Chicago & Alton railroad yesterday. My brother was the one who robbed the Golden State Limited, and he told me that the Golden State Limited did not stop between Slater and Mexico and for that reason I came to Slater to get on the train. I got in the smoking car and went through it and robbed two or three other cars. I did not take any money, from the workingmen or ladies. I only wanted to take money from those who had made it easy and could afford. One man on the train when he heard me tell another passenger that I did not want any of his money because he was a laborer, said he was a laborer also. I did not believe him, and asked him to show me his hands. Upon looking at them I found them as soft as a woman's. I then made him dig up, taking from him his $45 watch, which I told him I would send to the St. Louis Republic, where he could get it, as I only wanted it to keep time until I got to my destination.

"When the train reached Glasgow I got off on the platform, and as the train started to move I mounted it again and commenced to go through the passengers in a sleeper, where I allowed the conductor to get too close to me and he grabbed my pistol and my throat. He then wrenched the gun from me and I broke and ran to the back of the train. Many of the passengers and all of the train crew rushed upon me while the train was in motion, struck me upon the head with the pistol and tried to throw me overboard while the train was running 30 miles an hour. The train soon stopped and I was captured and put off at Armstrong and brought from there to Glasgow and then here today. I was born near Grant City, Mo., and was out in California and came back to Missouri about six months ago. I got about $1,500 and about eight or ten watches from the passengers on the train. I did not want this jewerly but they forced me to take it."

Randall, after securing $1,500, was overpowered by Conductor B. Heywood. He tried to escape but was recaptured.

The prisoner is now awaiting a preliminary hearing, which will be held within the next few days. It is probable that at that time he will be bound over to await the action of the grand jury of the next criminal court, which meets in March at this place. The prisoner shows evidence of his capture and he has a deep gash in his forehead, where he was struck over the head with a pistol when they were trying to capture him. The officers are confident from the evidence they have that it was the same man who robbed the Golden State limited and not his brother, and that he is only naming his brother in the hope of securing a light sentence.

It is believed by the police of this city that Claude Randall, the confessed Chicago and Alton train robber in jail at Marshall, Mo., is Clyde Rumsey of Chicago, who was released from the federal prison at Fort Leavenworth, Kansas, on November 4th.

D. S. DICKERSON HAS SAFE MAJORITY; FULL RETURNS OF STATE OFFICERS

THE JOURNAL is enabled to set at rest all doubt as to the candidacy of the various state officers. The accompanying schedule, consisting of the official returns from all of the fourteen counties of Nevada shows that D. S. Dickerson, Democratic-Silver party nominee for lieutenant governor, is elected by the safe majority of 636 votes. It was declared yesterday that Dickerson's candidacy was in question and that later returns from outlying districts had changed the vote in favor of his Republican opponent, George T. Mills. What these belated returns may be is not clear as the figures given herewith are those of the official canvas from the various county commissioners of the various counties, and is complete.

The standing of the candidates is shown complete by the Journal, which has gathered only the official figures as submitted by the county commissioners. The list is published first by the Journal.

The elected state senators and assemblymen are also given herewith for the first time.

$200,000 BOND ISSUE TO BE CONSIDERED BY COUNCIL

When Councilman Drappo returns to Reno the city governors will take under consideration the issue of bonds, probably exceeding $200,000 for the sewer system and other improvements. At the meeting of the council last night City Engineer Stewart stated that every block in Reno could be supplied with offal drains for $80,000. He asserted that it would take more than a year to put the work through. So necessary are sewers to some portions of the city that the residents of the Burke addition have agreed to pay the interest on the expenditure for two years if the city will have sewers placed in their property. Stewart asserted that a system can be installed east of Moran street and east of the Virginia & Truckee tracks for $37,500.

In reply t oa request of the council that he donate one half of the property necessary for the extension of Sixth street westward, Oscar J. Smith answered by communication last night that he would not donate the land, but he was willing to sell to the city. He averred he had conferred with the other owner of land there, Morrill, and they would sell at appraiser's value. The communication was filed.

An effort to regulate the construction of buildings in Reno to make them conform to specific regulations, to compel contractors to erect fire escapes and to determine the limits within which wooden shacks can be erected, will be made. The matter was referred to the city engineer, the chief of the fire department and the city attorney last night.

The ordinance for the control of pawn brokers was read for the first time. In the regulation is a clause licensing all dealers in second hand goods. Permits were granted Detective Alter and "Irish," a Chinaman, to carry revolvers. The appointment of Lester Cadle as the captain of police was confirmed. Several saloon licenses in old locations were issued.

G. L. Phenix, of the Gold Reef Mining company of Goldfield, came into Reno yesterday. He will return to the mine in a few days.

T. H. Minor of the Minor Mill and Lumber company of Arcata, Cal., is spending a few days in Reno, with Wm. F. Gunn. These two gentlemen have recently organized a new company called the Minor-Gunn Investment Co., with headquarters in Reno.

SANFORD RESIGNS.

Graham Sanford, city editor of the Gazette, has resigned to enter the commercial printing business. He has purchased the interest of G. E. Sherman in the Reno printing company. LeRoy Pike will succeed Sanford on the city editor's desk.

REALTY TRANSFERS ARE STILL VERY ACTIVE

According to reports for the week from the real estate firm of F. J. Peck & Co., the market continues active notwithstanding unfavorable weather conditions. The situation with regard to suitable houses for people seeking residences is not at all reassuring. The dearth of rentable property still continues and there seems to be no immediate prospect of relief from the shortage. All real estate concerns report applications far in excess of the supply, and all predict an unparalelled building boom in the spring both in business blocks and residences. Plans are now being perfected for the erection of the Nixon block, Odd Fellows Hall, Federal building and mony other buildings. F. J. Peck & Co. have closed the following deals in the week just closed:

Two lots on South Virginia, New South Side Addition, to Chas. L. Rosengren, $1200.

Two lots on South Virginia, New South Side Addition, to Elizabeth Towle, $1300.

Corner lot, Moran and Sinclair, $500.

Lot on Willard street, Aitken addition, to Jas. Sloan, $500.

Two lots corner Flint and Ridge, Lake's addition, to Sadie M. Bowles, account of Lee J. Davis, $3500.

Lot on Hill street, between Liberty and California Avenue to Chas. Dreyer, account of C. F. Moore, $2250.

Improved property on corner Washington and Second, known as the Lyman property, to M. E. Stewart, account of F. J. Peck, $12,000.

MINER FROZEN TO DEATH

During the heaviest snow and wind storm in years at Keeler, Cal., Sunday, many prospectors and teamsters were sufferers from the cold, and Fred Fink, one of a party of five prospectors, after a terrible trip to the town, was brought in frozen to death. The wind is said according to a telegram to the Journal from there, to have been the strongest ever experienced. Prospectors from the Ubehebe district have been driven in to shelter.

FIRE IN BARN.

Fire Sunday night nearly destroyed the barn at the residence of I. N. Bakeless on Mill street. The fire is said to have been caused by a cigarette.

DRIVING CLUB.

A "Gentleman's Driving Club" is to be organized at the Golden hotel tonight. Al North and Sheriff Ferrel are the promoters of the organization.

HAPPY ROMANCE ENDS IN WEDDING SERVICE

A marriage that will interest many Reno people was solemnized early Saturday evening at the residence of Stephen Ede, 1021 North Virginia street, when Miss Mabel E. Miller became the bride of Everett S. Ede, in the presence of relatives and friends.

The wedding was a quiet one, only intimate friends and relatives being present, but there are many friends in this city who will read with interest of the marriage of this popular couple and will wish them long life and much happiness.

Rev. C. L. Mears of the Congregational church performed the ceremonies that made the twain one, and afterwards a delightful wedding supper was served to the guests.

Among those who were present at the happy culmination of a romance were Stephen Ede and wife, father and mother of the bridegroom; W. S. Lunsford and wife; J. J. Pendergast and wife; Miss Alice Ede and Stephen Ede, a cousin of the bridegroom.

GOVERNOR'S BODY SHIPPED.

The local lodge of Elks escorted the body of ex-Governor Frank Hunt of Idaho from the undertaking parlors of Perkins & Gulling yesterday evening to the train. The former Idaho official died in Goldfield, and the remains were brought here by the Mystic Shriners' special train. The body was sent to Boise City last night. W. C. Dewey, a business partner of the deceased, guarded the remains.

DEATH CALLS A PIONEER RESIDENT OF THIS CITY

Mrs. Mary Ellen Johnson, wife of Josiah Johnson, died at her home, 518 South Virginia street, Sunday morning. Sick since Friday the end was sudden. The funeral will be held from the residence this afternoon at two o'clock. Rev. A. G. Sawin of the Baptist church will officiate at the services. Interment will be made in Mountain View cemetery. Perkins & Gulling have charge of the funeral arrangements.

The deceased had been a resident of Reno for the last twenty years. Her husband was known here for along time as a contractor but failing health recently caused him to give up this vocation.

Mrs. Johnson was sixty-five years of age. She was born near Memphis, Mo., and after her marriage she removed with her husband to Reno. She had been married for forty-eight years.

Five children are left. They are J. E. and Granville Johnson; Mrs. N. Cross, Mrs. R. S. McPherson and Mrs. M. Montgomery of Reno. Josiah Johnson, the husband, also survives.

WICHMANN CARED FOR AT COUNTY'S EXPENSE

Physician, Accused of Murder and Assault, In Need of Money for Hospital Expenses, Is Removed to Free Institution for Treatment--Case Heard Today

Dr. Frederick H. Wichman, who is accused of the murder of Lily Benson and who is suffering from a revolver wound caused by an avenging brother of Ethel Fine, assaulted by the physician, is broken in health, finances, and spirit. The expense of being cared for at the People's hospital was too great for the alleged murderer, and yesterday he was removed to the county hospital for treatment.

Mrs. Garfield, a trained nurse, has been engaged to attend the patient in his hours of tribulations. She was with him at the private institution. She is said to have stated that instead of being poorer, Wichmann's condition is improved. Still the wound on his arm, a great festering sore, is healing. Amputation, though to be necessary at first, will not have to be resorted to.

That friends will no longer defray the expenses of Dr. Wichmann is said to be the cause for his removal to the county institution. He had little money saved at the time of the shooting. He even was forced to pay but $6 for a ring for Ethel Fine, whom he is said to have wanted to marry the evening the shooting occurred in order to prevent prosecution for the alleged assault.

This morning before the Grand jury the case of Dr. Wichmann will be heard. The charge to be considered will be the killing of Lily Benson. The physician's condition will not permit his removal before such a body. Gaunt and haggard, racked with pain and mental troubles, Wichmann says he will be glad to have the courts act on the case and have it done with. He is sure he can free himself from the two charges. He says an investigation will prove his innocence, and that others of high repute will be disgraced by an investigation.

'Round About : The Town :

Reno, Nevada, Nov. 25, 1906.

Editor Journal—Would you please permit just a little criticism on the musical critic who criticizes the Reno Symphony Orchestra who performed at the Grand lately for daring to be a little original as well as independent in that they saw fit to selected to relieve a clasic bored audience with just a little spicy Rag Time?

Now in the first place we believe that Prof. Kroll & his associates in music would be perhaps as competent to judge as to the tastes of a local audience as the musical critic. From personal observation we find that the musicians in the above concert aggregation are all musicians of many years practice & experience.

Besides, we noticed at Hawaiian concert that rag time receiver more than ten times more encores than did any clasic. 'Tis hard to kick against the pricks. The Unequaled Sousa cheers up his audiences with "Rag Time."

Rag Time gives joy & life the great writer says "Why should we sit like out grandfather cut in alabaster & creep into the jaundice by being peevish, sleep when we wake &c &c.

In all liberality & charity the best we can do is to admit that it is a matter of taste. Think of going into a restaurant & ordering a certain viand & have the caterer say to one You don't know what is good, but to show more refinment eat so & so &then have the caterer proceed to cram down one's throat that which one abhors! There is a thousand times more music in some of the dispised Rag Time, than there is in some horrible clasics that we are acquainted with.

Finaly Mr. Editor in regards to the competency of some critics the arts, they are about as competent as the man who passing by a farm, stoped & asked the farmer over the fence what those things were that he saw going about on four legs? Those sir quoth the farmer are cows Oh yes said the stranger & what is that green stuff I see standing there with those big long wide leaves? That sir answerd the farmer is corn, corn sir. By the way said the farmer you don't seem live hereabouts? No—said the stranger the fact is you see I am the Editor of the "Farmers' Voice" a periodical devoted entirely to agriculture.

All the liberal will agree that the above question is settled in the very appropriate words of the old lady who kised the cow. "It Is A Matter Of Taste." Thousands know not what the word clasic means.

PROF. N. D. FLORES.

P. S.—If not accepted return to Prof. Flores Reno, Nevada

The abashed Journal critic assures the readers of that column that he is silenced. In the face of the above there would seem to be but little to say. The assurance of the "Prof." is taken that there are thousands who do not know what the word "classic" means. We are among the unregenerate thousands. Apparently too there are some who do not know how to spell it.

But who kisses the cow?

Profesor Gordon H. True left this left Monday morning for Redlands, where he will remain with his parents over Thanksgiving. Later he will go to Chicago to attend the livestock exposition which will be given in that city early in December.

Mrs. W. M. Gotwaldt formerly Carlotta Mitchell, received an agreeable and flattering letter from General Funston, to whom she has dedicated her descriptive piece for guitar, "Boots and Saddles." The manuscript has been sent to an eastern publishing house with several other compositions from the talented lady's pen. A composition has also been dedicated to Dr. J. C. Stubbs, president of the University of Nevada, and all her work is characterized by musicianly scoring and skill.

R. A. Smith and wife of Alameda, Cal., are in Reno and expect to remain several weeks. They are the guests of their sister, Mrs. Frank Golden. The growth of Reno since their previous visit is greatly impressing the visitors.

Dr. O'Neal, who has just returned from California, where he went in search of health, has secured offices in the new Masonic Temple. The Dr. has fully recovered from his threatened attack of typhoid fever.

G. H. Thomas and wife who have been living in Reno for some time, leave Monday morning for Redlands, where Thomas has taken a position with a large piano house.

GOVERNMENT RAISES WAGES.

The reclamation authorities in charge of the Truckee-Carson project have made a voluntary raise in the working wage. Instead of paying $2.25 a day as formerly, and requiring the men to pay their board out of this sum, a flat wage is now being paid of $1.75 per day and board. This raise, the workingman's stipend, was received by him with great favor.

HOME BURGLARIZED TWICE IN ONE WEEK

Naval Officer's Wife Pokes Gun Face of Robber But He Continues Daring Work, and Returns Again To Complete Ransacking of House.

Frightened from her home by the previous visit of a burglar, Mrs. Bell, wife of Dr. Bell, the retired naval officer, returned there yesterday to find the bureaudrawers turned inside out and all of themoney in the home gone. The sum taken by the thieves is said to have been $10

Dr. Bell, who with Clifford Denson owns mines at Chloride, was absent from his home here during the last week. Mrs. Bell feared the visit of a burglar and she had Miss Paula Wright stay with her. Friday night Miss Wright went to bed early and Mrs. Bell stayed up to read. She had a revover within easy reach and when the door of her bedroom was opened slightly by a burglar, she cried out and poked the gun at the opening. The man walked into another room and Mrs. Bell was afraid to follow. Saturday morning the drawers in another bedroom were found to be ransacked, but nothing taken. It was thought then that the yeggman was looking for money and he disdained the ordinary apparel found in the room.

Mrs. Bell was afraid to stay in her home after that. She left the doors and windows locked, and went to live with neighbors. When she went to the house yesterday to see the result of her absence she found the door open and the work of a burglar was evidenced in every room.

Mrs. Bell expects her husband home any day from Chloride. Until his return she will not live in the house. She is said to have notified the police and efforts are being made to catch the yeggman.

Dr. Bell and his wife are young people They have lived in Reno since the physician's retirement from the navy. He was wounded on board ship by the bursting of a cannon.

Dr. Bell is interested in Chloride mining properties. His business keeps him away from town quite often. It is supposed the crook knew of the husband's absence and took advantage of the fact to rob the home.

RED TAPE CAUSES MAN TO LIE LONG IN AGONY

Living in awful agony for twenty-four hours with his leg crushed while the Southern Pacific was attempting to get the authorities of Lyon county to take charge of the case, Redmand Joyce was yesterday taken to the emergency hospital at Sparks and later in the day he was removed to the county institution and his leg was amputated. Joyce is an old man, seventy-five years of age. It is doubted that he will recover.

Joyce was injured at Wabuska Sunday evening while attempting to board a train, the Mystic Shriners special. The brakeman saw the body roll to the side of the track after the man made an effort to climb on. The cars were stopped and the bleeding and bruised form was picked up. The county authorities were communicated with, but no one made an effort to come to the aged man's assistance. He was finally conveyed to Sparks and treated by Dr. Metcalf at the emergency hospital.

As in the case at Mina when the engineer was killed in the summit wreck, the Southern Pacific could get no one to take charge of the remains. At last the railroad officials had the engineer's body sent to Reno.

It is said the Lyon county authorities will be communicated with and that county will pay the doctor's bills here.

MEMORIAL SERVICES BY ELKS LODGE IN RENO

Memorial services by the Elks of Nevada will be held at the Grand theater in Reno Sunday afternoon. This is a pretty annual custom of the order, and to make it more impressive on the coming occasion, the Elks committee has arranged a fitting programme.

Members of the fraternity from all over Nevada are preparing to attend the Memorial Day exercises. Seats will be reserved for these men and their friends accompanying them. The public is welcome to attend and the chairs in the Grand will be appropriated by them.

ACCUSOR BRANDED AS FRAUDULENT SCHEMER

Secretary of Lassen-Willow Creek Water Company Alleges Attorney Dixon's Allegations Were Prompted by Ambition to Control Irrigation.

In answer to the charges of Attorney Frank Dixon of Standish, Lassen county, Cal., that the Lassen-Willow Creek Water company is attempting fraudulently to float bonds to finance the Honey Lake Valley irrigation project, the secretary of the attacked corporation returns with the statement that Dixon is seriously in error. Earl assails the integrity of Dixon and calls him an unscrupulous promoter who is trying to beat the Lassen-Willow Creek people by creating public sentiment derogatory to the plans of the irrigators. Following is a statement of the circumstances as given in part by Earl:

"I do not propose to go into the question of the property owned by the Lassen-Willow Creek Water company. The records of Lassen county will show what we own, and such records are open to the inspection of anyone. Suffice it to say that the Lassen-Willow Creek Water company has posted notice of appropriation of the waters of every stream that flows into Eagle Lake, and that since the posting and the recording of such notices, it has diligently prosecuted the work of appropriation. It has patented a portion of the lands through which the tunnel will run, and has purchased rights of way from the owners of patented lands bordering upon the lake, and has entered into bonds to purchase lands from other parties, through whose lands the proposed tunnel will run. It has purchased lands in Willow Creek valley, and also over twenty miles of canal, already constructed, in Honey Lake Valley.

Appropriation Right.

"Frank Dixon says money invested in what he said that both the Lassen-Willow Creek Water company would be a total loss, for the reason that the scheme is illegitimate and necessarily unsuccessful. It may be conceded that neither the Lassen-Willow Creek Water company nor Frank Dixon, nor anyone else upon the wide earth, has acquired any right to one inch of the waters of Eagle Lake, nor will they ever do so until the appropriation is actually made It may also be said that both the Lassen-Willow Creek Water company and Frank Dixon have been trying to acquire a right to the waters in Eagle Lake, for some time; the only difference being that the Lassen-Willow Creek Water company has attempted to appropriate the waters running into Eagle Lake, and Frank Dixon has been attempting to appropriate the waters of the lake

"As to the fraud and dishonesty of the scheme and the promotors thereof, Marsden Manson, a well known civil engineer of the state of California, sent here during the year 1906, to report upon the feasibility of the scheme, for moneyed men whom he represented, reports that with an expenditure of $500,000 the system would be worth $1,000,000 C. E. Emerson, the president, in the recent election was elected sheriff of Lassen county. It seems that the people of Lassen county have some faith at least in the honesty and integrity of Mr. Emerson. As to the remaining members of the company, I wish to call attention to the fact that the board of supervisors of Lassen county, at a regular meeting held in Susanville on the 5th day of May, 1906, passed the following resolution:

The Resolution.

"Resolved, that whereas the Lassen-Willow Creek Water company a corporation, organized and existing under the laws of the State of California, is now seeking to appropriate and reservoir the waters of Pine creek, Merrill creek, Papoose creek and Cleghorn creek, in the county of Lassen, State of California, and to use what is known as Eagle lake as a reservoir, and to tap said lake, and to convey the waters of said creeks and said lake to lands in Honey Lake valley for the irrigation and reclamation of said lands:

"Now, therefore, be it resolved that we, as supervisors of aid county of Lassen, State of California, do recommend and endorse said proposed system, and heartily desire the completion of the same, that we recognize the importance of such scheme; that we are acquainted with the said lands sought to be reclaimed and irrigated, and know the same to be extremely productive with water, and that we believe that said scheme is practicable and feasible; that the completion thereof will be of great benefit to Lassen county, and hundreds of people can secure homes thereby.

posingsaid corporation, and that we express our faith in the honesty, integrity, and ability of the men composing said corporation, and that we believe that the same can be accomplished by said corporation."

Fictitious Holdings.

"It may be conceded that the value of the holdings of this company is at present, in a sense, fictitious, in the same sense that the value of a railroad after the right of way has been secured, and before the completion of the system, is fictitious. In the same sense that a mine discovered and prospected, is fictitious before the mine has been fully developed. Yet how many railroads and how many mines have been bonded when nothing had been done but the securing of a right of way or the location of a claim? * * * "

MAD NEGRESS CAUSES PANIC ON LOCAL TRAIN

Taken suddenly crazy while en route from Tonopah to Oakland, Dora Lightfoot, a negress, was carried from the Tonopah express here last night and locked in the city prison. According to the conductor, the negro woman acted queerly as soon as she was aboard the train. However, it was not until she had reached Schurz that she became frenzied.

Passengers on the train became endangered of their lives. The wench tore around the car and beat at the walls. She was finally overpowered and held in subjection until she reached here.

Captain Cadle and Officer C. Trembly took the woman to the station. She will probably be examined today for insanity.

HEROIC DEED OF HIGH SCHOOL BOYS

At the Peril of Their Lives, Lester Summerfield and Frank Hobbins Rescue from Death in Manzanita Reservoir Two School Mates.

Two young seniors of the Reno high school played the part of heroes yesterday afternoon when Charles Sykes and "Scotty" Hart crashed through the ice on Mananita reservoir, near the University, and would have perished miserably in the icy water had not Lester Summerfield and Frank Hobbins, at the peril of their lives, rescued the endangered youths.

The ice seemed thick enough yesterday to bear the weight of the ambitious skaters and for some time about a dozen adventurous youths circled about on the frozen surface of the reservoir enjoying the sport and laughing as the translucent coating over the ten-foot-deep lake bent under their weight.

"Scotty" Hart and Charles Sykes ventured out farther than the rest closely followed by Hobbins. The ice broken under the skates of Sykes and Hart and they plunged over head in the freezing water.

Summerfield, sitting on the bank grabbed the coat, belonging to Miss Rowena Evans, who sat near by, and ran far out on the ice which cracked and bent under him as he approached the jagged sides which the fast freezing fingers of the drowning boys gripped convulsively.

Hobbins was there as soon as Summerfield, and the two threw the skirt of the coat to Hart and pulled him out and to Sykes, who held on manfully though his limbs were cramped by bitter cold of the water. The ice beneath the courageous young men broke and bent but they maintained their places until their friends were struggling on, instead of under, the surface of the ice.

Great crowds of youths and girls looked on panic stricken as the four principals enacted this little drama from real life, while some of the onookers rushed frantically about looking for branches or limbs of trees to throw out on the cracking ice where they dared not venture, but where Summerfield and Hobbins had dared to go.

Except a severe shock and an icy bath no ill effects are felt by Sykes and Hart, who were hastily bundled into the university building, given dry clothes and put next a good hot fire to thaw out.

GEORGE WRIGHT IS INJURED IN ACCIDENT

While working at the residence of Mrs. Buck, 610 South Center street, early yesterday afternoon George Wright, an employe of Borden & Shannon nearly severed his great toe, by the slipping of a keen edged chisel with which he was working on a piece of timber.

Dr. Walker was hastily summoned and after taking several stitches in the injured member, supplied Wright with a pair of crutches on which he will be forced to rely for several weeks to come.

STUBBS MAY TELL NAMES OF THE DONORS

Special Announcement at the University This Morning Said to be for the Purpose of giving Public News of Givers of $250,000

At the general assembly of the students of the University of Nevada this morning President Stubbs will make an announcement and it was rumored yesterday that he will tell the names of the men who gave the $250,000 for the erection of a new engineering building. Inquiry at the home of the president last night failed to confirm the report but Dr. Stubbs stated recently that he would give out the names at one of the assemblies in the near future, and the fact that an "announcement" is to be made today causes the inference.

At the assembly, the last one before the Thanksgiving holidays, Miss Lora De Laguna will read President Roosevelt's Thanksgiving proclamation. Then will follow an address by President Stubbs on "The College Man in Business—His Weakness, His Strength."

Interest in the assembly yesterday was great, for all the students are anxious to know who the Nevada men are that will give such a large sum for the upbuilding of the university. Praise for Dr. Stubbs and the large gift secured through his efforts has been heard from all the collegians since the report was made public.

CLEVER PERFORMANCE TO BE WITNESSED HERE

The beautiful rural comedy drama "Thou Shalt Not Kill," taken from Count Leo Tolstoi's great work of that name, and which was recently presented at Sparks by the High School of that city, assisted by other local talent, is to be reproduced in Reno at McKissick's opera house next Friday and Saturday evenings.

In addition to the cast in the original production at Sparks several Reno people will appear. From those who witnessed the performance last Thursday evening, it is learned that the rendition is far above the usual amateur production and fully equal to many of the so-called professional companies. The Sparks Forum has this to say in its review of the performance:

"The local people in the cast of characters were selected with great discrimination and their acting showed natural ability and the results of faithful practice and rehearsals under able management."

SMELTING COMPANY'S PROFITS.

NEW YORK, Nov. 26.—The Federal Mining and Smelting company today declared a regular quarterly dividend of 1¾ per cent on its preferred stock and the regularly quarter dividend of 1½ per cent on the common stock, and an extra dividend of 3 ½ per cent on the common stock. This is an increase in the extra dividend of one per cent over the extra dividend for the previous quarter.

AUTOMATIC PHONE FRANCHISE IS ASKED

Los Angeles Corporation Will Petition City Council of Reno for Right to Install System Here to Compete With Bell Company

A petition for a telephone franchise is to be presented to the city council next month, it is said, by the Automatic Telephone company of Los Angeles. According to the communication received the Los Angeles promoters want the right to operate in Reno, and with a stipulation that it may cover all of the western part of Nevada.

Competition of the Bell system has been threatened recently, and local capitalists agreed to finance in part the project if the corporation operating here did not improve its service. Strenuous efforts on the part of the local manager brought better service and the matter was dropped.

Now comes Los Angeles people, promoters always anxious to invest in a growing city and one that promises a bright future. It is not known yet whether the council will consider another franchise favorably. The automatic telephone has many favorable points, and the representatives who will be present at the next month council meeting will be prepared to present those points.

FAST MAIL TRAIN DISCONTINUED TO EAST

Service out of San Francisco and Through Reno Will No Longer Be Run.—Winter Storms the Cause.—In Spring Expected to Run Again.

A. H. Stephens, superintendent of the railway mail service, reports that the eastward run of the fast special mail train between San Francisco and New York has been discontinued, and that mails for the East are now carried on the regular trains. Two mails daily leave San Francisco and one arrives, on the following schedules, taking Monday as a basis:

Eastbound—Leave San Francisco Monday, 11 a. m.; arrive in Chicago Tuesday, 9 a. m. Leave San Francisco Monday, 9 p. m.; arrive in Chicago Friday, 6:45 a. m., arrive in New York, Saturday, 8 p. m.

Westbound—Leave New York Monday, 3:15 a. m.; leave Chicago Tuesday, 3 a. m.; arrive in San Francisco Thursday, 12:28 p. m.

The change in the run of the fast mail has been expected for several months. Rumors of the change have been heard but these have always been denied by the railroad officials.

It is probable that the fast mail will be put on again in the spring. This train can not be operated with profit during the winter months because of the delays occasioned by the storms, and it is almost impossible to keep up to the scheduled time.

SUITS AGAINST RAILROADS.

Patrick Coyne yesterday at Salt Lake began suit against the Southern Pacific for $10,000 damages. Coyne alleges that at Palisade, Nev., last August, while engaging in unloading cars from a trestle fifteen feet high, he was run into and knocked to the ground, sustaining injuries to his back and spine. Another action filed was against the Oregon Short Line railroad company brought by Al Osterhout, in which the plaintiff seeks to recover amounts aggregating $3,474. There are several counts in the complaint, arising from the alleged failure of the defendants to provide cars for the movement of cattle from Opal, Wyoming, to the South Omaha markets.

FINANCIAL SUCCESS.

The drama "Thou Shalt Not Kill" which was presented under the auspices of the Sparks high school was a thorough success. The sum of $180 was made and one-fourth of this amount will be given to the school to increase the laboratory fund. Much excitement was manifested among the pupils in the sale of tickets. Miss Edna Heany was the fortunate winner of the first prize, which was $10. Miss Heany sold tickets amounting to $53.25. The other prizes were $5, $3, and $2 and were won by Dale Cole, Harry Bridges and Johnnie Sullivan respectively.

CONDUCTOR IN TROUBLE.

Andrew Winters, a Southern Pacific conductor formerly living in Wadsworth, but now running between Sacramento and Sparks, nearly brained a man named Morley at Sacramento. It seems that Winters had suspicions that things were not running smoothly at home while he was away on his run, so one night he went as far as Rocklin and then suddenly appeared at his home, where he found his wife and Morley in a compromising position. Winters was arrested, but immediately released on his own recognizance.

COSTUMES READY FOR WHEELMEN'S PARTY

Arrangements for the Wheelmen Masquerade ball to be given on Thanksgiving night, are progressing satisfactory to the Committee, and they confidently expect one of the largest and best mask balls ever given in the city of the State, in fact.

Word was received from the costumes this afternoon, that the suits would be in Reno next Tuesday morning. The committee in charge will handle the costumes themselves and in that way save the expence of having a man come with them. They will give this saving to the renters of the costumes by charging just as small a figure as possible for rental. In this way the former prices will be cut in two. The costumes will be open for inspection at Wheelmen's hall at 2 o'clock Tuesday afternoon. We cannot reserve any costumes, so you must be on hand. First come will be first served.

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think if he should say—he never was sick since using Ballard's Horehound Syrup. Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: "For years I was troubled with a severe cough that would last a lifetime. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me." Sold by T. R. Cheatham, Reno and Sparks Drug Co., Sparks, Nev.

RENO COMPANY IS SUCCESSFUL BIDDER

Contract for Grading Harriman Ave. Let by City Council to Construction Company—Work Will Start Immediately

The Reno Construction company was awarded the contract for grading Harriman avenue at the meeting of the city council last night. The bid of the Reno Construction company was $1115 according to Mayor Dalton. Only one other bidder was represented. The Roberts & Taylor company offered to do the work for $1400.

Tonight the council will meet again and consider the proposition again. The reason for this is that a full board was not present last night.

According to the terms of the contract the successful bidders must begin work on the avenue at once. It is probable that operations will begin tomorrow. The work will be pushed to completion as rapidly as possible and finished before the winter makes work impossible.

RATE REDUCTIONS.

Sweeping freight reductions, adopted several months ago by the Harriman lines, became effective yesterday morning and are now in full force. While there is a saving offered to shippers of from 10 cents to $1 per hundred pounds, in this wide cut, the real benefit defies figures. Shippers can now import almost any class of freight from the big eastern supply centers at lower freight cost than ever offered before. In the past dealers in all sorts of wares have met any question regarding high prices by referring to high freight rates. There has been wide differences between the market prices of merchandise in Utah and states to the east, and Utah consumers have paid the difference. With a reduction made in all listed freight and in nearly every commodity rate the "high freight rate" excuse must be tabooed and marked relief follow.

MATCH MADE AT TONOPAH FOR GANS AND HERMANN

New Years Day Selected as the Date for the Attraction to be Pulled Off

REFEREE CONSIDERED BUT NOT YET SELECTED

TONOPAH, Nov. 26.—Articles were signed here today by representatives of Poe Gans and "Kid" Hermann and the Casino Athletic club for a finish fight for the lightweight championship of the world, to take place at Tonopah on New Year's day, for a purse of $20,000.

Each party agreed to post a forfeit of $5,000. Should either contestant be overweight he is to forfeit $2000 to his opponent.

Graney, Jeffries, Siler, Bat Masterson and Jack Welch were suggested for referee. It was finally agreed that the referee be settled later but to be settled from one of the five named. Hermann will start work Wednesday. Gans is due in about a week.

BIG REALTY DEAL CLOSED

G. S. Phenix, of Goldfield is closing with C. C. Morton for the purchase of the latter's ranch south of Reno. The property to be taken over by Phenix consists of about fifty acres and is close to the property recently acquired by the Reno Development company. The deal is about closed, there being only the surveys to make and the writing out of the deeds.

CHILD RECOVERING

Willis Meeker, the child that was burned in Sparks about three weeks ago, was brought to the county hospital in Reno yesterday. It was feared at first the boy would not recover but the physicians attending him yesterday asserted he would get well. Now there is slight danger of contraction. Drs. Lewis and Morrison are combating the tendency.

DEATHS ON THE ISTHMUS

WASHINGTON, Nov. 26.—Not a single American died on the canal zone from disease in the last three months, according to a report the isthmian canal commission has received from Colonel Gorges, the chief sanitary officer on the zone. The decrease in the death rate among the employes, Colonel Gorges reports, is due to the decrease in pneumonia. In October the deaths among the canal employes were eighty-six negroes and two whites.

TERRIBLE TERRY TO FACE YOUNG CORBETT

Has-Beens of the Roped Arena To Come Together for the Third Time. With Tim Hurst as Referee—Fifteen Rounds.

NEW YORK, Nov. 26.—Following a meeting of their managers here today, it was announced that Terry McGovern and Young Corbett had been matched for a bout for not less than 15 rounds to take place during the week ending January 31st. Each side posted a forfeit of $1,000. Tim Hurst will referee the fight.

Terry McGovern has been knocked out twice by young Corbett (William H. Rothwell) and both are in the has-been class. The once Terrible Terry is understood to be farther back now than he was a year ago and he has been steadily going down. Young Corbett has made several efforts to pull himself together, but they have failed to be of a lasting character.

Terry defeated Dave Sullivan at Louisville five years ago, while Young Corbett did the same trick two years ago. McGovern won from Eddie Harlon two years since, while Eddie defeated young Corbett last year. Then again, Jimmy Britt and Battling Nelson have both defeated Young Corbett, while Terry has managed to keep away from them.

But it will not be much of a battle—that is the universal opinion of the local sporting men.

ROOSEVELT MAY HUNT IN NEVADA FOR WILD BOARS

President Roosevelt may be invited to Churchill county to hunt wild boars. The county chamber of commerce has the matter of extending the invitation under consideration. The field for the shoot is along the borders of Carson lake, which is said to be the only territory in the United States where the wild hog remains unconquered.

The tules around the lake are said to be alive with the wild boars, and their fierce attacks on hunters has made their search of late dangerous. The boars are the remnant of a wild drove that once inhabited Churchill county, and in the tules along the borders of the lake the beasts have made their home since civilization killed them off.

Some of the animals have attained prodigious size. The members of the Churchill county chamber of commerce say that the beasts will make better shooting than mountain lions or bears.

ENCOURAGING IDLENESS.

Mansard, Entirely Overlooked, Defeats Royal Rogue at Emeryville in An Exciting Finish—Close Racing Was the Feature of Afternoon.

SAN FRANCISCO, Nov. 26.—With a hard fast track today at Emeryville, there were a number of exciting finishes, notably in the third when Mansard, overlooked by the talent, beat out Royal Rogue. Results:

First race, selling, one mile—Atkins wins, Governor Davis second; Rosearo, third. Time, 1:43.

Second race, six furlongs, selling—E. M. Brattain wins, VanNess, second, Clandestine, third. Time, 1:13 2-5.

Third race, seling, six furongs—Shady Lad, wins, Hersain second, Alice Carri, third. Time, 1:14 1-5.

Fourth race, selling six furlongs—Mansard wins, Royal Rogue second, Sandy third. Time, 1:14 2-5.

Fifth race, five and a half furongs—Native Son wins, C. Ross second, Wolma, third. Time 1:08.

Sixth race, Selling, one and a sixteenth miles—Inflammable wins, Lazell second, Duelist third. Time 1:48 4-5.

COSTUMES ON HAND.

The costumes for the Wheelmen Masquerade ball will be on exhibition at the hall at 1 o'clock this afternoon. The beauty of these costumes will be in the price as well as the beauty. The Wheelmen have rented the costumes as a whole, and will in that way save the renter the money that is usually spent in defraying the expenses of a costumer. Secure your costumes early and win one of the handsome prizes. The music, which is under the leadership of Hastings, will be new and first-class. T. R. Biggs and Al Page will have charge of the floor, and will see to it that all have an enjoyable time. Tickets are now on sale at Manheim's, Cann's Hodgkinson's and Nelson's cigar store. Secure your tickets and avoid the rush. Maskers, $1.00; spectators, 50 cents.

ALL ARE EAGER FOR WHEELMEN'S PARTY

All are waiting in eager anticipation the festivities of next Thursday night at Wheelmen hall, when the Wheelmen will entertain the public by giving a masquerade ball. The committee having the affair in charge are working hard to make it one of the biggest social events ever held in this city, and their efforts will undoubtedly meet with success. The prizes, which are on display in Hodgkinson's window are attracting a great deal of attention, and well they might, for they are far above the average given on such occasions. The costumes will be on exhibition at Wheelmen hall Tuesday, Wednesday and Thursday of next week, and will be rented much cheaper than heretofore. So come early and make your selections. The management of the affair wish it understood that they reserve the right to refund the money to any one who secures admission to the hall who are objectionable, and ask their withdrawal. None but those in costume will be allowed on the floor before the time of unmasking, which will be eleven o'clock. Masters tickets $1.00.

ROOSEVELT IS HOME AT THE WHITE HOUSE

He Reached Washington at 10:42 O'clock Last Night On His Return From Panama and Porto Rico—Highstrung Uruguayan Angered.

WASHINGTON, Nov. 26.—Completing his trip to Panama, during which he traveled several thousand miles by sea and visited the Isthmus and Porto Rico, President Roosevelt returned to Washington at 10:42 o'clock tonight. The trip up the Patomac was on the converted yacht Mayflower, to which he and his party were transferred from the Louisiana at Piney Point this afternoon. As the Mayflower pulled into the dock at the rear of the office of the commandant at the navy yard, Ethel, the president's daughter, and Miss Roosevelt's secretary, were awaiting to greet the party.

There was also at the dock to welcome the President Captain McCoy, U. S. A. and Lieutenant Commander Key of the marine corps, the president's aides, and the commandant and other officials of the navy yard and the Uruguayan charge d'affaires, Mayflower. To those who met him he stated that he had a delightful trip. The president and his wife immediately proceeded to the white house, which they reached shortly after 11 o'clock.

"We have had a very pleasant and very enjoyable time," said the president in speaking of his trip," and I am deeply impressed with the United States Navy, with Panama and with Porto Rico."

The Panama canal, he stated, will be the subject of a special message, and consequently on that subject he will say nothing at this time.

Pedro Roquena Bermudez, charge d'affaires of Uruguay was the only member of the diplomatic corps who greeted the president upon his arrival. At the front entrance to the navy yard Senor Bermudez was delayed by the marine guard, who refused to admit him without the consent of the commandant. After being delayed for 20 minutes he was admitted, and when the president appeared on the deck of the Mayflower the diplomat was the first to rush up the gangway. He protested to the president against the manner in which he had been treated by the marine guard.

An unfortunate incident occurred in the lower Potomic. The yacht Oneida, in the service of the District of Columbia naval militia and on which were th ecommanding officers and others of the militia, had dropped down the Potomac to Piney Point to welcome the president, and was returning when a gasoline boat capsized and Melvin E. Cleveland, 19 years old, of this city, boatswains mate, was drowned

FARMERS & MERCHANTS BANK BIDS HIGHEST FOR BONDS

The Farmers & Merchants bank of Reno yesterday was the successful bidder for the $25,000 bond issue for municipal improvements. The transfer was made after a number of banking representatives and local business men had bid for the bonds.

The sale of the bonds will give the city enough money to purchase a public park and erect street signs. The council has not yet decided on the piece of property to take over.

Auctioneer Nate Roff conducted the sale of the bonds yesterday. The first call was made at four o'clock in the afternoon.

The bond issue was voted on and advertised after long deliberation by the council. No objection was made to the movement by the people, and the council feels that the public will be satisfied when a park is purchased and other improvements made.

CALIFORNIANS FOR THAW.

NEW YORK, Nov. 26.—Clifford W. Hartridge, of counsel for Harry K. Thaw, notified District Attorney Jerome today that on Friday application will be made by the defense for two commissioners to be appointed by the supreme court to obtain evidence from two men who were with Thaw on the night he shot Stanford W. White. The men mentioned in the petition are Truxtune Beale, now in Bakersfield, California, and Thomas Max Caeb of San Francisco, now in the south.

The Big chunk of Ore in front of the Overland Banking Realty Co. tells you that there are rich mines close to Reno and if you buy real-estate you wil never regret it. n24-tf

VIOLENT CRIMES END FOUR LIVES

Woman Shoots Politician in France—Italian Kills Girl in Factory—Man Murders His Father—Insane Woman's Fearful Deed.

PARIS, Nov 26.—Pierre Merlou, who was minister of finance in the Rouvier cabinet and who was appointed French minister to Peru last September, was sot on the boulevard Des Italies this evening by a woman named Allemagne. The woman fired four shots from her revolver at M. Merlou. Two of the bullets struck him in the fleshy part of the leg, but the wounds are not dangerous.

The woman was arrested and declared her act was one of vengeance The police believe Allemague is the same woman who attempted M Merlou's life severa years ago and who created a scandal in the chamber of deputies while he was serving as finance minister.

A Wanton Deed.

NEW YORK, Nov. 26.—In a factory at 67 Spring street today, Guiseppi Figlia, an Italian, aged twenty shot and killed Antoinette Maciocc, nineteen years old, seriously wounding Vincenzo Lavora, the man whom she was to marry, and then turned the gun on himself. A quarrel over a drinking cup or over precedence at the wash sink, according to the police, led to the tragedy. Figlia was beaten almost to death by the men in the factory after he had been disarmed.

Killed His Father.

PEORIA, Ill., Nov 26.—Edward Clifford, who yesterday shot and killed his aged father, a fisherman living near Glasford, was captured here early this morning. It is believed the father and son quarreled over money matters. The son will not talk

A Cousin Her Victim.

ALBANY, Ore., Nov. 26.—Melma Palmer, aged twenty-eight, shot and killed her cousin, William B Palmer, at the home of her father near here today. Apparently there was no reason for the act. The woman was formerly an inmate in an asylum and immediately following the shooting became violently insane.

Stabbed a Painter.

SSAN JOSE, Nov 6—In a quarrel this afternoon at First and Grant streets, William Massey, who conducts a paint shop on West Santa Clara street, stabbed a painter named Ray Cameron and it is believed the latter cannot live. Massey says that Cameron insulted his wife.

OLD BLAIR MINES ARE MAKING GOOD

Prospects From the Silver Peak Mining District Indicate the Southern Nevada Country to be Rich and Destined Great Wealth Producer.

George E. Holesworth.. returned from Tonopah yesterday and reports conditions in the big camp as most favorable and promising, except for the great lack of fuel, which in Tonopah, as elsewhere, is greatly embarassing mining operations and interfering with the prosperity of the community.

As an illustration of the way things are booming in Tonopah, Holesworth points to the fact that a fifth story was added to the State Bank and Trust company's structure while that building was being enlarged to a four story structure.

On account, however, of the lack of transportation facilities, the enlargement of the building to its fifth story is postponed pending the arrival of more brick, which are now on the way to Tonopah, but which, have not been delivered in Tonopah. have not been delivered in Tonopah. By Christmas, Holesworth thinks, the fifth floor of the State Bank & Trust company's building will have been completed.

"Everybody," says Holesworth, "in Tonopah seems to be prospering and everybody is making money, but the matter of fuel is a most serious problem, which according to present indications, has no immediate prospect of being solved."

Silver Peak.

Holesworth is enthusiastic over the prospects of the new town of Blair in the Silver Peak mining district. According to his investigations, the new mine based upon the old must be an unqualified success under the operations of the Pittsburg capitalists who are now handling the claims.

"The town of Blair," says Holesworth," in the Silver Peak mining district, has been laid out by the Pittsburg-Silver Peak Mining company. A few weeks ago the town of Blair had no citizens whatever. It was a desert waste: today Blair numbers 600 inhabitants and has all the ear marks of being a great and a prosperous camp. As illustration of the faith of large institutions in the new country it is notable that the State Bank & Trust company is now erecting a two-story building in Blair and will be ready to do a general banking business in that place by the first week in December.

The J. G. Crumley Hotel company is another concern which is displaying large faith in the future of Blair erecting a fine two story hotel, modern and up to date in equipment and worthy of a much larger town. All the building enterprises in the new country are greatly handicapped on account of the slow delivery of building material..

The mines of the Silver Peak district are rapidly coming to the front and will prove t o be among the very best in the southern district of Nevada. Blair will be a camp to rival in size and importance any wealth producer in the entire state.

The Southern Nevada Power company has already begun stretching wires towards the new town and within a short time Blair will be on the electrical map, supplied with electric lights and electrical power.

The Pittsburg Silver Peak Mining company has located mills near the town which will be connected with the mines belonging to that company situated in the district by means of an aerial railroad. This is being installed at a large expense and is evidence of the confidence that the owners have in the life and permanency of the mines the line is destined to tap for wealth. Already ground has been broken for the mills which will be erected as soon as material and supplies can be shipped to the district. The electrical power will be connected up as soon as the eransmitters can be installed.

The old Blair mines are among the oldest in the state, and there is no chance to question the permanency nor the wealth of the property.

What Others Say of Nevada.

The first shipment of zinc or from Washoe county, Nevada, was made recently to the smelter at Iola, Kansa.. Antimony ore of good grade, and free from arsenic and lead, is being mined near Mill City,in Humboldt county. Nickel, as is well known is produced at Lovelocks, also in Humboldt. These facts are suggestive of the variety of mineral resources possessed by a state that until recently was supposed to produce silver alone, and is now the scene of the greatest excitement in gold mining.—Mining and Scientific Press.

OF INTEREST TO NEVADANS.

The California Miners' association will meet in annual convention in San Francisco December 3. The session will last four days and it is intended to enlarge the scope of the work, making it thoroughly representative of the mining industry in California.

NIXON OFFERS ATTORNEY SALARY EQUAL TO THE PRESIDENT'S

FORMER Governor C. S. Thomas with headquarters at Denver, Colorado, has been engaged by Nixon and Wingfield as chief counsel for the owners of the Mohawk mine at a salary of $50,000 a year. This princely sum is the largest retainers fee ever offered to any attorney by any Nevada man or firm, and is an example of the value of the holdings of the employers of such legal talent, as well as their confidence in the stability and future of their mines in Nevada.

The announcement of the retaining of Governor Thomas at one of the largest salaries ever offered an attorney in the West was made in Reno yesterday morning and was sent to Denver by special telegram to the attorney whose services were thus engaged.

Senator Nixon and associates are the owners of the fabulously rich Mohawk mine, the richest in the Goldfield district. This is the mine declared by James C. Burns to make the Portland mine, rich as it is look like a prospect. Leasers are taking out the Mohawk, three fortunes every day and their lease expires January 1 when Nixon will then take over the workings of the great mine.

By reason of the terms of the contract offered Governor Thomas the legal business of this firm, which will soon be the greatest of any gold mining company in America is to be handled by Governor Thomas.

COPPER SUPPLY OF THIS STATE WILL BE NEEDED

Copper still remains strong and active and there is a great demand for the commodity. Consumption of the metl in the United States continues to increase, and thereby adds a quota to the world's demand for the ore. Chili mines are reported to be producing less than formerly and scarcity of labor is still further curtaining the visible supply. All of which is enhancing the value of copper properties and leading capital into Nevada where the copper deposits which have lain untouched for years are being looked to with great expectation. England's supply is less than a year ago; Spain is producing from her thousand year old districts less than formerly; Japan's production is small while the consumption of that metal in the little empire of many islands is increasing its demands for the metal greatly.

Everything points to an increased demand and a decreased supply. It is in the nick of time that Nevadas great store of the metal is being uncovered.

MOHAWK LEASERS MAKE HAY WHILE THE SUN SHINES

Realizing the fact that it will have to relinquish its holdings within a very few weeks on one of the richest blocks of ground ever worked by the leasers, the management or the Frances-Mohawk is preparing to do a record-breaking "stunt" during the remaining short time. It is proposed to work four six hours shifts and the miners, of which there are more than 200 were instructed to report Friday morning prepared to work through the six hours without a stop. They were also informed that their wages would be $5 per shift.

That a record for production will be established there is no question. Notwithstanding the fact that this lease has produced an immense tonnage of high grade ore, the sales of which have made its stockholders wealthy, there are tons upon tons of the rich ore still in sight and in the words of the management, there will be quite a little left after the lease expires. —Goldfield Review.

Greenwater Calumet Mining Company

Greenwater, Inyo County, California

We are authorized to sell 100,000 shares of the Greenwater Calumet Mining company at 25 cents per share. Offer is good for this coming week only. We consider this a bargain. In the opinion of competent experts Greenwater will rival the great Montana copper camp. The stock of adjacent claims is selling at several times the price placed upon the treasury stock of the Greenwater Calumet Mining company and with no better showing.

No orders will be taken for less than 1,000 shares. Apply immediately or you may be too late.

SPECULATORS IN CONFUSION ON PRICES

Effective Leadership Is Lacking and Operations Are Largely in the Hands of Professional Traders—Movement Currency to "Frisco."

NEW YORK, Nov. 26.—Confusion of speculative sentiment was discernible in the movement of prices of stocks today, and the activity of the trading was contracted largely. Operations were left largely in the hands of professional traders. Their confusion was due to the failure to find any effective leadership by important transactions or any appreciable following.

The show of strength after the mixed tone at the opening had an encouraging effect. The way in which Great Northern preferred was sustained after a further decline was especially affective in reassuring sentiment. The buying which followed came from professional traders who thought they read an intention on the part of powerful operators to renew the advance in prices. When they became distrustful of this intention stocks were resold and the course of prices was retraced. The further drop in prices of Great Northern ore rights "when issued," as they are quoted on the curb, had a large influence in turning the market downwards again. The decline in these rights serves to discredit the extensive rise which occurred in the price of Great Northern preferred on the speculative buying in anticipation of the distribution. The treatment of loans in which Great Northern preferred serves as collateral when the new certificates are issued is a complicating factor. The weakness of the new rights on the curb would add to their unattractiveness for inclusion in the collateral for such loans.

The call money market relaxed today and no immediate pressure was enforced on the stockmarket on that account. The movement of currency to San Francisco continues, $500,000 being transferred to that point through the sub-treasury today and precedents indicate that this movement may reach several million dollars.

The position of the Bank of England continues to grow stronger.

The Money Market

NEW YORK, Nov. 26.—Prime mercantile paper 6@6½ per cent. Sterling exchange steady with actual business in bankers' bills at 4.85.70@4.85.75 for demand, and at 4.80.50@4.80.55 for sixty day bills; posted rates $4.81½ and 4.86½; commercial bills 4.80¼. Bar silver 70c. Mexican dollars 54c. Government bonds easy; railroads heavy.

Better Conditions in Oil.

BAKERSFIELD, Nov. 26.—As the result of the new contract made Friday night with the Associated Oil Company for the product of the independent producers in the Kern river oil fields, work has been begun in this oil district with renewed activity.

Many companies which have been dormant for many months because of the impossibility to exist at the prevailing prices, have resumed operations, giving employment to many men and increasing the output of the fields.

The first payment on the one million barrels in storage which was sold at 25 cents will be made December 20th, when $11,000 will be placed at the disposition of the independents.

Grains and Provisions

CHICAGO, Nov. 26.—The wheat market was easy during the first hour on moderate selling by longs of the December delivery. Toward the noon hour the market became firm and the stronger tone was well maintained during the remainder of the day. The change in sentiment was caused by the fact that the exports of wheat and flour for the day from American ports amounted to 1,010,000 bushels. The large clearances caused active buying by commission houses and pit traders and brought about a quick rally. Shorts were fairly active buyers of December during the latter part of the session. The market lost some strength late in the day on selling caused by the visible supply figures which showed an increase of 2,275,000 bushels against an estimated increase of about 1,000,000 bushels but the close was firm. December opened unchanged to ⅛@¼c lower at 72⅞c to 73⅛c, advanced to 73½ and closed ⅛c to ¼c up at 73¼. May sold between 78⅜ and 78⅞c and closed at 78⅝c, a shade higher than Saturday.

There was an active demand for corn all day and the market was strong from the opening until the close. December opened a shade to ⅛c higher at 42¼@⅜c to 42⅜c, advanced to 42⅞@44 and closed ⅝c up at 45⅛. May ranged between 43⅛@⅝c and 43⅛c and closed with a net gain of ¼@⅜c at 43¾@⅞c.

Despite a ten cent decline in the price of live hogs, the provisions market was firm for the greater part of the day. A lively demand by shorts for lard soon caused a firmer feeling. A the close January pork was up 2½c; lard and ribs were also up 2½c each.

IMPORTANT TELEGRAMS

So many people are recovering from Bright's Disease and Diabetes in Kansas City, Mo., that the Kansas City Daily Journal wired San Francisco, where the new specific was discovered, to see if the same thing was occurring there. Here is the telegram and its reply:

Kansas City, Jan. 15, 1906.
F. A. Crothers, Proprietor Bulletin, San Francisco, Cal.:

Several prominent citizens of Kansas City report wonderful recoveries from Bright's Disease and Diabetes by use of Fulton's Compound. Kindly advise us if successful and permanent results have been accomplished in your city.

THE JOURNAL COMPANY.

In reply the following wire was received from the Evening Bulletin:

San Francisco, Jan. 16, 1906.
Kansas City Journal:

Permanent results here. Know a doctor who acknowledges absolute recovery from Diabetes. Many authentic cures of Brights' Disease.

R. A. CROTHERS.

Nobody in the world would dare use the names of these great dailies in this way if the above was not strictly true.

It is a solemn fact that these hitherto fatal diseases are now curable in nearly nine-tenths of all cases. Send for pamphlet. We are the agents.

EDITORIAL COMMENT

THE COAL SHORTAGE

THE combination of wholesale dealers in coal down at San Francisco has raised the price $3 a ton to retail dealers, who will now have to charge their customers more for that necessary article. San Franciscans are better off, however, than the people of Nevada, for we can get no coal at all.

The shortage in fuel throughout the interior states of the west is unpardonable. Reports show that there is plenty to be had, but, through greed and bad management combined, whole states have been left unprovided for by the great coal companies and the railways are either unable or unwilling, for some reason, to handle it.

This sort of thing makes us all love the trusts with the passionate devotion that a Digger Indian has for water. And we wonder how long the trusts thing the people will stand it.

The principle of law is well established that the state, under whose authority alone can the corporations be brought into existence, may step in to prevent a departure from the original object of the corporation when that object is one that concerns the public. Incorporation can be for lawful purposes only. Now a conspiracy to increase the price to the public of such a necessary as coal is certainly not lawful and we suggest that state officials take the question up from this point of view immediately.

It is true that the trusts employ able counsel to defeat efforts to preserve the rights of the people, but the trusts are no more powerful than their source and their source is the people.

The corporate franchise has always been considered a privilege only lawfully assumed by special authority from the government and the privilege of mining for coal is itself only a grant from the government. What the government—and that means in the United States the people—gives, whether it be the right to form a corporation or to mine for coal, it can certainly take away if the privilege be wrongly used.

And the government will have to take it away in the case of the coal barons, if their gouging methods continue to be maintained. Such conditions as those which now prevail will do more to bring about government ownership and operation of coal deposits than all the stump speeches that ever have been made.

A Gathering That Is a False Alarm

THE Transmississippi congress has adjourned and now will some kindly disposed person inform us what earthly use the Transmississippi congress is, anyhow? Has it ever accomplished anything? True, it adopts resolutions, too long to print, but the world was never moved forward an inch by all the resolutions that ever were written or adopted. When a bold, fearless thinker like William Jennings Bryan comes to the fore and asks that something be said that is timely and to the point, the jujube-paste spines of the delegates to such gatherings as the Transmississippi congress quiver and shake, but there is nothing doing. Instead, they talk about trade with South America.

Now that sort of thing is all right for those who like it and we have not the slightest objection to any private person selling goods to Peruvian peons or Argentine vaqueros, if they believe that the risk is worth the money; but what have the states on this side of the Mississippi river got to do with such trade? Louisiana and California have merchants engaged in business with South and Central America, but Reno has not, nor has Salt Lake City, nor Muskogee, I. T., nor Boise City and it is a curious fact, but nevertheless absolutely true, that the San Francisco and New Orleans houses engaged in the Latin American trade are not represented at any self-called congresses and ask only to be let alone.

The fact is that the trusts and the railways like to have such gatherings, and when we hear of men like Col. John P. Irish of San Francisco being in attendance, we may be certain that the corporations take care that the delegates shall be under no expense for railway fare, at any rate. The Transmississippi congress is bogus.

Reno's Marvelous Growth

THE decision of the Odd Fellows to add another story to their building is a welcome sign of the times to Reno. And that it was made almost imperative by the fact that every inch of space in the building had been engaged in advance, before even the foundation is laid, is all the more encouraging.

This is but one of the many evidences of the remarkable growth and great prospects of our city. Today we look forward to the time when we shall equal Salt Lake and Denver; another day is coming when Salt Lake and Denver will have to hustle to keep up with us.

And all our present growth has been accomplished practically without effort. What will it be when we really learn to boost?

ROOT Says he won't be a candidate for President, and the inference is that Roosevelt is his choice. So far as the presidency is concerned he evidently does not favor Rootation in office.

THE Kaiser says he is an optimist, and will remain one until he dies. Most anarchists don't know what sort of a complaint optimism may be, but all of them would like to cure him of it.
